Your Directors are pleased to recommend a Final Dividend of Rs. 2.50 per fully paid-up equity share of face value of Rs. 5/- each for the year ended 31st March, 2018, subject to the approval of Members at the Annual General Meeting on 8th September, 2018. The Interim Dividend of Rs. 2/- per equity share for the year was recommended at the Board Meeting held on 12.02.2018 and paid in March, 2018.

3. Operations

Our Production and sales during the year are higher than last year. Demand from Electrical Equipment sector has revived. Emphasis of the Government for the growth of Electric Power, Capital Goods and Infrastructure Sector continues. The overall economic and industrial climate and sentiment in the country is improving. We are optimistic for the future growth of the Industry as the above sectors are the Principal customer of our Products.

GST was implemented from 1st July, 2017. The industry and the customers during the second quarter of the fiscal endeavored to understand and get some operational experience of this new statute. The demand from our Customers during Q2, 2017 was therefore low. Government issued clarifactory guidance in this regard from time to time. Demand of our products was higher during the rest of the period of the year. It is hoped that the Government will simplify the rules further for easier and faster implementation thereof. In long term, GST could be beneficial for the industry, trade and the Country.

Imports of Electrical Equipments through all FTA's and PTA's need to be looked into by the Government so as to protect the domestic downstream Electrical Equipment Manufacturing Industry and to ensure a level playing field. This includes the proposed RCEP Trade Agreement which is currently under negotiation.

International Price of our primary input increased during the year. Increase in the rate of hydrocarbons shall impact the cost of Insulating Varnish and chemicals, etc. We are implementing expansion of Unit-5 for manufacture of Enamelled Round Winding Wire made of Copper. Civil Work is in progress. By 31st March, 2020, Installed Capacity may go up about 8000 MTS barring unforeseen circumstances. Marginal increase in Rectangular Conductor Division is likely during the year due to installation of balancing equipments.

Members empowered, through Postal Ballot in April, 2018, the Board with increase in Borrowing Powers.

Your Company has performed well during the year under review.

In anticipation of improved demand, the Company is further increasing capacity of Enamelled Round Winding Wires made of Copper and plans to invest during the next one to two years on capital equipments mostly for expansion / modernisation.

Our Direct Exports though lower, are holding, despite severe competition and Custom Tariff discrimination.

We have provided for CSR Contribution for the Year under review as required.

There are no material changes and commitments affecting the financial position of the Company which have occurred between the end of the financial year of the company to which the financial statements relate and the date of the report;

 MANAGEMENT DISCUSSION & ANALYSIS

a) Industry Structure & Development:

The Company produces Winding Wires made of Copper which are used in the manufacture of both rotating and static electrical equipments. Though there are number of players in the Industry including many in SSI sector, due to quality of our products and long standing relationship with OEM customers, we continue to remain Industry-Leader. GST was introduced for the first time w.e.f. 1st July, 2017. Industry/Trade had for a very short period some interruption while getting acquainted and educated with Rules and Operational part of this new statute. Matter got stabilized and during the year we have produced more than previous year.

The overall capacity utilization of the Industry in the Country has further marginally improved during the year. The Government has taken some useful measures for improving performance of Electric-Power-Sector. It may slowly percolate down-the-line.

Your Company continues to cater to the OEM sector.

Emphasis on export continues, though tariff discrimination by the some Importing Countries is faced.

b) Opportunities & Threats:

As ours is a power-deficit country, massive investment in the power sector is likely to continue. Government has ambitious plans for increasing installed capacity for electric power generation rapidly. Constraints such as high cost of finance and availability of proper grade of fuel, improving electrical transmission and distribution network are on the fast track agenda of the Government. This will induce the growth in both Electrical Equipments/Capital goods Sector. Since your Company continuous to cater primarily to OEM Sector, the prospect for the Industry is good. Growth in Power-Sector is likely to remain high.

High Oil prices and commodity rates may increase current account deficit of our country.

The living standard of the people in the country is generally improving so also the Industrial Development & combined effect thereof will anyhow, force the accelerated growth of Electric-Power-Sector and consequently that of Electricity Equipment Manufacturing and Winding Wire Sector.

So far the Government Policy for Growth and improvement of the Power Sector remains positive.

Imports of electrical equipment are high through FTA/PTA route, despite availability of capacity in domestic-manufacturing-sector.

GST was implemented from 1st July, 2017 onwards. Apart from some teething problems encountered during the initial period of implementation, GST is good measure which will benefit the industry and trade in the longterm and we welcome the same. However, the same needs rationalization.

Substitution of copper by aluminum, in small rotating and static electrical equipments is increasing.

Operating conditions, during next two to three years may pose interesting challenges and competition may continue to be intense; however, we are well equipped to face the same, due to our low debt-gearing and experience in the industry, barring any unforeseen developments. FY 2018-19 may witness increase in cost of Capital and volatility in the price of raw material and Imported inputs. Cost of freight for the Industry may also go up.

c) Segment-wise or Product-wise performance:

The Company's core activity is production and sale of only one product i.e. Winding Wires made of Copper. Despite short-term down-term post GST, overall we have maintained and increased production and Sales. Both PBDIT and PAT are more. Our insulating varnish division at Palej continues to operate satisfactorily and provides important contribution to the quality of our finished product.

d) Outlook:

Long Term outlook of the Indian Economy, and consequently, electric-power-sector is healthy.

e) Risks and concerns:

Please refer to foregoing paragraphs.

f) Internal control systems and their adequacy:

Commensurate with the size of your Company and the nature of its business, your Company has adequate internal control procedures and regular Internal Audit systems. This has been confirmed by the Auditors in their report to the members.

g) Discussion on Financial Performance with respect to Operational performance (All figures rounded off in Rupees Lakhs only): (Previous Year's figures restated as per Ind AS)

Reserve and surplus (excluding revaluation) increased to 22495 (20117).

Debt / Equity ratio was 0.14 (0.18).

Finance cost 1520 (923), Freight and Transportation 1232 (1144), Employees Benefit Expense 2273 (2038) Repairs & Maintenance of Plant & Machinery 655 (566) and Other Expenses 1165 (1045) --- all have increased due to higher production and substantially more sale than the previous year. Also the cost of funds has gone up due to increase in interest rates.

Trade Receivable and Trade payable both have gone up due to increase in the cost of input, higher production and more sales. Borrowing 3343 (3780), and other current liabilities 1020 (2049) decreased

The cost of power and fuel 1836 (2011), is lower during the year under review due to rebate granted/credited for the some excess charges levied by local discom earlier. However, the same is bound to go up during FY 2018-19.

Subject to the approval by Members at the ensuing AGM, the total proposed Dividend declared is Rs. 4.50 i.e. 90% on fully paid equity shares of Rs. 5/- each. The original face value of the share of Rs. 10/- was split into Two Shares of Rs. 5/- each with effect from 23rd March, 2016.

By Directive issued by RBI on or about 13th March, 2018, Import backed by Buyers Credit (BC). Letter of Undertaking (LOU) were prohibited. Your company's outstanding exposure on that day has been paid on the maturity date on time without any delay. As on the date of this Report, there is no outstanding balance exposure/liability towards raw materials imported earlier against BC/LOU granted by banks. Against Import of Capital Goods (Capex) earlier by utilizing BC/LOU route, till date payments/liability has been met with on time. During first week of June and end of June the remaining of exposure/liability for import of capital goods against BC/LOU will be paid and met on due dates.

Your Company's financial performance is satisfactory and profit during the year is higher.

Your Company has discharged all financial obligations in time on due dates, without any default or delay.

h) Material Developments in Human Resources / Industrial Relations including number of people employed:

Industrial relations during the year were generally satisfactory and new wage agreements with the labour at Silvassa Plants have been concluded.

i) Cautionary Statements:

Statements in this Management Discussion and Analysis describing the company objectives, estimates and expectations may be Forward Looking statements within the meaning of applicable laws, and regulations. Actual performance may differ substantially or materially from those expressed or implied.

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.
3. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

4. My responsibility is to express an opinion on these financial statements based on my audit. In conducting my audit, I have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under and the Order issued under section 143(11) of the Act. I conducted my audit of the financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone financial statements.

I believe that the audit evidence obtained by me is sufficient and appropriate to provide a basis for my audit opinion on the standalone financial statements.

Opinion

In my opinion and to the best of my information and according to the explanations given to me, the aforesaid

standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2018, and its profit, total comprehensive income, the changes in equity and its cash flows for the year ended on that date.

5. Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on my audit I report that:
 - a) I have sought and obtained all the information and explanations which to the best of my knowledge and belief were necessary for the purposes of our audit.
 - b) in my opinion, proper books of account as required by law have been kept by the Company so far as it appears from my examination of those books.
 - c) the Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
 - d) in my opinion, the aforesaid financial statements comply with the Indian Accounting Standards prescribed under section 133 of the Act.
 - e) on the basis of the written representations received from the directors of the Company as on March 31, 2018 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2018 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) with respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to my separate Report in "Annexure A". My report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in my opinion and to the best of my information and according to the explanations given to me:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, I give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE - A TO THE AUDITORS' REPORT**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013.**

I have audited the internal financial controls over financial reporting of Precision Wires India Limited ("the Company") as of 31st March 2018 in conjunction with my audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

My responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on my audit. I conducted my audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

My audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. My audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that :

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In my opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

INDEPENDENT AUDITOR'S REPORT

ANNEXURE - B TO THE AUDITORS' REPORT

Referred to in Paragraph 5 of the Independent Auditors' Report or even date to the members of Precision Wires India Ltd. on the financial statements for the year ended March 31, 2018.

- (i) a) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of fixed assets.
- b) The fixed assets are physically verified by the Management according to a phased programme designed to cover all the items over a period of three years which, in my opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of the fixed assets has been physically verified by the Management during the year and I am informed that no material discrepancies have been noticed on such verification.
- c) The title deeds of Immovable properties, as disclosed in note on the Fixed Assets to the financial statements, are held in the name of the Company.
- (ii) The physical verification of inventory has been conducted at reasonable intervals by the Management during the years except in respect of inventories of returnable plastic spools lying with customers. In my opinion, the frequency of verification is reasonable. The discrepancies noticed on physical verification of inventory as compared to book records were not material and have been appropriately dealt with in the books of accounts.
- (iii) a) The Company has not granted any loans, secured or unsecured to companies, firms or other parties listed in the register maintained under Section 189 of the Act.
- b) As the Company has not granted any loans, secured or unsecured, to parties referred to in para (a) above, clause iii (a) of paragraph 4 of the Order is not applicable in this respect.
- c) As the Company has not granted any loans, secured or unsecured, to parties referred to in para (a) above, clause iii (b) of paragraph 4 of the Order is not applicable in this respect.
- d) As the Company has not granted any loans, secured or unsecured, to parties referred to in para (a) above, clause iii (c) of paragraph 4 of the Order is not applicable in this respect.
- (iv) In my opinion and according to the information and explanations given to me, the Company has complied with the provisions of Section 185 and 186 of the Companies Act, 2013 in respect of the investments made.
- (v) The Company has not accepted any deposits from the public within the meaning of Sections 73 and 74 of the Act and the Rules framed there under. Hence the directives issued by the Reserve Bank of India and the provisions of sections 73 to 76 or any other relevant provisions of the Companies Act and the rules framed there under, are not applicable to the Company. According to the information and explanations given to me, no order under the aforesaid sections has been passed by Company Law Board or National Company Law Tribunal or Reserve Bank of India or any court or any other tribunal.
- (vi) Pursuant to the rules made by the Central Government of India, the Company is required to maintain cost records as specified under Section 148 (1) of the Act in respect of its products. I have broadly reviewed the same, and, am of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. I have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- (vii) a) According to the information and explanations given to me and the records of the Company examined by me, in my opinion, the Company is regular in depositing the undisputed statutory dues in respect of Goods and Service Tax, sales tax including value added tax, provident fund, employees' state insurance, income

tax, service tax, duty of customs, duty of excise, cess and other material statutory dues, as applicable, with the appropriate authorities.

- b) According to the information and explanations given to me and the records of the Company examined by me, the particulars of dues of sales-tax including value added tax, duty of customs and duty of excise as at March 31, 2018 which have not been deposited on account of a dispute, are as follows:-

Nature of Statute	Nature of Dues	Amount (Rs.)	Period to which the Amount relates	Forum where dispute is pending
Central Excise Act	Excise Duty	4,55,000/-	1983-1984	CESTAT, Delhi
Central Excise Act	Excise Duty	5,00,000/-	2004-2005 & 2005-2006	CESTAT, Ahmedabad
Gujarat Public Premises Act	Service Charges	36,65,000/-	-	-

- (viii) According to the records of the Company examined by me and the information and explanation given to me, the Company has not defaulted in repayment of loans or borrowings to any financial institution or bank or Government or dues to debenture holders as at the balance sheet date.
- (ix) In my opinion, and according to the information and explanations given to me, the term loans have been applied for the purposes for which they were obtained. No moneys were raised by way of initial public offer or further public offer (including debt instruments).
- (x) During the course of my examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given me, I have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have I been informed of any such case by the Management.
- (xi) The Company has paid / provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.
- (xii) As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it; the provisions of Clause 3(xii) of the Order are not applicable to the Company.
- (xiii) The Company has entered into transactions with related parties in compliance with the provision of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required under Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (xiv) The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Accordingly, the provisions of Clause 3(xiv) of the Order are not applicable to the Company.
- (xv) The Company has not entered into any non cash transactions with its directors or persons connected with him. Accordingly, the provisions of Clause 3(xv) of the Order are not applicable to the Company.
- (xvi) The Company is not required to be registered under Section 45-1A of the Reserve Bank of India Act, 1934. Accordingly, the provisions of Clause 3(xvi) of the Order are not applicable to the Company.

** Under previous GAAP proposed dividends and related dividend distribution tax was recognized as a provision in the year to which they relate, irrespective of when they are declared. Under Ind AS, dividends and related dividend distribution tax are recognized as a liability in the year in which it is approved by the shareholders in the Annual General Meeting of the Company.

Purpose of Reserve :

- Securities Premium reserve is used to record the premium on issue of equity shares. The reserve is utilised in accordance with the provision of the Companies Act, 2013.
- The General Reserve is used from time to time to transfer profits from retained earnings for appropriation purposes. As the General Reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in the general reserve is not reclassified subsequently to the Statement of Profit and Loss
- Capital Redemption Reserve is used for issue of bonus shares
- The retained earnings are used from time to time to transfer profits from retained earnings for appropriation purposes. The amount that can be distributed by the Company as dividends to its equity shareholders is determined as per the provisions of the Companies Act.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018
A. COMPANY INFORMATION

Precision Wires India Limited ('the Company') is a public company domiciled in India and incorporated under the provisions of the Companies Act, 1956 (CIN: L31300MH1989PLC054356) having its registered office at Saiman House, J A Raul Street, Off Sayani Road, Prabhadevi, Mumbai - 400 025. The company is listed on the Bombay Stock Exchange Ltd. (BSE) and the National Stock Exchange of India Ltd. (NSE) in India. The company is engaged in manufacturing of Enamelled Round and Rectangular Copper Winding Wires, Continuously Transposed Conductor (CTC) and Paper/Mica/Nomex Insulated Copper Conductors (PICC) which are used by the electrical/electronics industries.

B. SIGNIFICANT ACCOUNTING POLICIES
1. Statement of Compliance with IND AS:

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by the Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 and Companies (Indian Accounting Standards) Amendment Rules, 2017.

These financial statements for the year ended 31st March, 2018 are the first the Company has prepared under Ind AS. For all the periods up to and including the year ended 31st March, 2016, the Company prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies act, 2013 read together with paragraph 7 of the Companies (Accounts) Rule, 2014 (referred to as 'Previous GAAP'). The financial statements for year ending 31st March, 2017 and the opening balance sheet as at 01st April, 2016 have been restated in accordance with Ind AS for comparative information.

In accordance with Ind AS 101 - "First Time Adoption of Indian Accounting Standards, the Company has presented a statement of reconciliation of Shareholders' Equity under Previous GAAP and Ind AS as at 31st March, 2017, and 1st April, 2016 and of the Net Profit as per Previous GAAP and Total Comprehensive Income under Ind AS for the year ended 31st March, 2017

2. Basis of Preparation of Financial Statements :

The Financial Statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the financial statements, including the preparation of the opening Ind AS Balance Sheet as at 1st April, 2016 being the 'date of transition to Ind AS'.

All assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria as set out in the Schedule III to the Companies Act, 2013. Based on the nature of the products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current classification of assets and liabilities as current or non-current.

3. Use of Estimates :

The preparation of financial statements in conformity with Ind AS requires the management of the Company to make estimates and assumptions that affect the reported amounts of income and expenses of the period, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as of the date of the financial statements. These estimates are based upon management's best knowledge of current events and actions. Difference, if any, between the actual results and estimates is recognised in the period in which the results are known.

4. Property, Plant and Equipments:

- (i) Property, Plant and Equipment is stated at acquisition cost net of accumulated depreciation and accumulated impairment losses, if any. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Statement of Profit and Loss during the period in which they are incurred.
- (ii) The cost of an asset comprises its purchase price or its construction cost (net of applicable tax credits) and any cost directly attributable to bring the asset into the location and condition necessary for it to be capable of operating in the manner intended by the Management. It includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy.
- (iii) Gains or losses arising on retirement or disposal of property, plant and equipment are recognised in the Statement of Profit and Loss.
- (iv) Property, plant and equipment which are not ready for intended use as on date of Balance Sheet are disclosed as 'Capital Work-in Progress'.
- (v) Depreciation is provided on a pro-rata basis on the straight line method based on estimated useful life prescribed under Schedule II to the Companies Act, 2013 :

The management estimates the useful life of certain assets as follows:

Wire Enamelling Machines	08 years
Other Plant and Machinery	15 years
Building	30 years
Office Equipments	05 years
Computers	03 years
Furniture and Fixtures	05 years

Freehold land is not depreciated.

Assets Costing Rs. 5000 or less are fully depreciated in the year of purchase.

- (vi) Depreciation on additions to assets or on sale of assets as the case may be is calculated pro-rata from the month of such addition or up to the month of such sale.
- (vii) Assets scrapped / discarded from use and held for disposal, if any, are stated at lower of book value or their estimated net realisable value.

**NOTE 28 : SIGNIFICANT ACCOUNTING
POLICIES AND NOTES ON ACCOUNTS**

(viii) Upon first-time adoption of Ind AS, the Company has elected to measure all its property, plant and equipment at the Previous GAAP carrying amount as its deemed cost on the date of transition to Ind AS i.e., 1st April, 2016.

5. Intangible Assets :

Separately purchased Intangible assets are initially measured at cost. Subsequently, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any. The useful lives of intangible assets are assessed as either finite or indefinite. Finite-life intangible assets are amortised on a straight-line basis over the period of their estimated useful lives.

The management estimates the useful life as follows :

Technology Transfer Cost : 6 Years

Upon first-time adoption of Ind AS, the Company has elected to measure all its Intangible Assets at the Previous GAAP carrying amount as its deemed cost on the date of transition to Ind AS i.e., 1st April, 2016.

6. Impairment of Assets :

An asset is treated as impaired when the carrying cost of assets exceeds its estimated recoverable value. The recoverable amount is greater of the Fair Value less cost of disposal and Value in use, An impairment loss is charged to the Profit and Loss Account in the year in which an asset is identified as impaired. The impairment loss recognized in prior accounting period is reversed if there has been a change in the estimate of recoverable amount. Post impairment, depreciation is provided on the revised carrying value of the impaired assets over its remaining life.

7. Non-Current Assets held for Sale

The Company classifies Non-Current Assets as held for sale of their carrying amounts will be recovered principally through a sale rather than through continuing use of the assets and actions required to complete such sale rather than through continuing use of the assets and actions required to complete such sale indicate that it is unlikely that significant changes to the plan to sell will be made or that the decision to sell will be withdrawn. Also, such assets are classified as held for sale only if the management expects to complete the sale within one year from the date of classification.

Non-current assets or disposal groups classified as held for sale are measured at the lower of carrying amount and fair value less costs to sell.

Property, Plant and Equipment and intangible assets are not depreciated or amortised once classified as held for sale.

8. Financial Instruments:

Investments

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instrument.

On initial recognition, a financial asset is recognised at fair value, in case of Financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost are recognised in the statement of profit and loss. In other cases, the transaction cost are attributed to the acquisition value of the financial asset.

Financial assets subsequently classified as measured at

Amortised Cost

fair value through profit and loss (FVPTL)

fair value thorough other comprehensive income (FVOCI)

All Investment in equity instruments classified under financial assets are initially measured at fair value, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL.

The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognised as other income in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognised in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'other income' in the Statement of Profit and Loss.

9. Trade Receivables :

Trade receivables are measured at their transaction price unless it contains a significant financing component or pricing adjustments embedded in the contract.

Loss allowance for expected life time credit loss is recognised on initial recognition through Profit and Loss Account.

10. Cash and cash Equivalents :

Cash and cash equivalents are short-term (three months or less from the date of acquisition), highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of changes in value.

11. Inventories :

(i) Inventories are valued on FIFO basis at lower of cost or estimated net realisable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at cost or above cost.

(ii) Cost of Work in progress includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity.

(iii) Cost of finished goods and work in progress include all costs of purchases, conversion costs and other costs incurred in bringing the inventories to their present location and condition. The net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and estimated costs necessary to make the sale.

(iv) Scrap is valued at Net Realisable Value.

12. Financial Liabilities :

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss.

**NOTE 28 : SIGNIFICANT ACCOUNTING
POLICIES AND NOTES ON ACCOUNTS**

Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

13. Provisions, Contingent Liabilities and Contingent Assets :

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the company will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date.

Contingent liabilities are disclosed in the Financial Statements by way of notes to accounts, unless possibility of an outflow of resources embodying economic benefit is remote.

Contingent assets are neither disclosed nor recognised.

Provisions, Contingent Liabilities and Contingent Assets are reviewed at each Balance Sheet Date.

14. Taxes on Income :

Income Tax Expense Comprises of Current Tax and Deferred Tax.

(i) Current Taxes :

It is recognised in the Statement of Profit and Loss except to the extent it relates to an item which is recognised directly in equity or in other comprehensive income. Current tax is the expected tax payable/receivable on the taxable income/ loss for the year using applicable tax rates at the Balance Sheet date, and any adjustment to taxes in respect of previous years, income/expenses and penalties, if any, related to income tax are included in current tax expense.

(ii) Deferred Taxes :

Deferred tax is recognised in respect of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes.

(iii) A deferred tax liability is recognised based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted, or substantively enacted, by the end of the reporting period. Deferred tax assets are recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that the related tax benefit will be realised.

15. Revenue Recognition :

(i) Sale of Products :

Revenue arising from sale of products is recognized when significant risks and rewards of ownership have passed to the buyer under the terms of contract and the amount of revenue can be measured reliably and it is probable that the economic benefits associated with the transaction will flow to the Company.

Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods provided in the normal course of business, net of discounts, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. Any retrospective revision in prices is accounted for in the year of such revision.

(ii) Interest Income :

Interest income is recognised on time proportion basis.

(iii) Other Income :

(a) Dividend : Dividend on Investments is accounted when received.

(b) Insurance Claim : Insurance claim receivable is recognised in the year of the loss to the extent ascertainable.

(c) Any Other Income is recognised in the Statement of Profit and Loss Account as and when accrued.

(d) In cases where duty paid material are consumed prior to duty free import of material for manufacture of products for export, the estimated excess cost of such material over that of duty free material is carried forward and charged to revenue on consumption of such duty free materials.

16. Expenditure :

Expenditure are generally accounted on accrual basis as they are earned or incurred, except those with significant uncertainties.

17. Employee Benefits :

Defined Contribution Plans:

Contributions to defined contribution schemes such as provident fund, etc. are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees. The above benefits are classified as Defined Contribution Schemes as the Company has no further defined obligations beyond the monthly contributions.

Defined benefit plans

Defined Benefit plans comprising of gratuity are recognized based on the present value of defined benefit obligation which is computed using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period.

Net interest on the net defined liability is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset and is recognised in the statement of profit and loss.

Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (excluding net interest as defined above) and the return on plan assets (excluding net interest as defined above), are recognized in other comprehensive income in the period in which they occur. Remeasurements are not reclassified to profit and loss in subsequent periods.

The Company contributes all ascertained liabilities with respect to gratuity to Life Insurance Corporation of India (LIC).

**NOTE 28 : SIGNIFICANT ACCOUNTING
POLICIES AND NOTES ON ACCOUNTS**

The retirement benefit obligation recognised in the Financial Statements represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of reductions in future contributions to the plans.

In respect of certain employees who are unfunded through the approved trust, the gratuity liability is provided as per the actuarial valuation.

Gain or loss on account of actuarial valuation is routed through other comprehensive income.

Short-term employee Benefits

Short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised, undiscounted, during the period the employee renders services. These benefits include salary, wages, bonus, performance incentives etc.

Other long-term employee benefits

Other long-term employee benefit comprises of leave encashment towards un-availed leave and compensated absences; these are recognized based on the present value of defined obligation which is computed using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. These are accounted as current employee cost. The monetary value of leave encashment benefit is for the Factory Workers and is accounted on the basis of actuarial valuation.

The employees, other than factory workers are not permitted to carry forward their leaves beyond a period of one year and hence the liability if any arising on such employees would be of short term nature and shall be accounted on actual basis as and when paid.

18. Earnings Per Share :

Basic earnings per share are computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares considered for deriving the basic earnings per share and the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

19. Foreign Currency Transactions :

The financial statements are presented in INR, the functional currency of the Company. Items included in the financial statements of the Company are recorded using the currency of the primary economic environment in which the Company operates (the 'functional currency').

Foreign currency transactions are translated into the functional currency using exchange rates at the date of the transaction. Foreign exchange gains and losses from settlement of these transactions, and from translation of monetary assets and liabilities at the reporting date exchange rates are recognised in the Statement of Profit and Loss.

Premium or discount on forward contracts are amortised over the life of the contract. Foreign Exchange Forward Contracts are re-expressed at the Balance Sheet date and Exchange difference between the spot rate at the date of contract and spot rate on the Balance Sheet date is recognised as gain/loss in the Profit & Loss Account.

20. Derivative Instruments and Hedge Accounting :

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value. The method of recognising the resulting gain or loss depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged.

The Company designates certain derivatives as either:

- (a) hedges of the fair value of recognised assets or liabilities or a firm commitment (fair value hedge); or
- (b) hedges of a particular risk associated with a recognised asset or liability or a highly probable forecast transaction (cash flow hedge).

The Company documents at the inception of the transaction the relationship between hedging instruments and hedged items. The Company also documents the nature of the risk being hedged.

The full fair value of a hedging derivative is classified as a non-current asset or liability when the residual maturity of the derivative is more than 12 months and as a current asset or liability when the residual maturity of the derivative is less than 12 months.

Fair value hedge

Changes in the fair value of derivatives that are designated and qualify as fair value hedges are recorded in the statement of profit and loss, together with any changes in the fair value of the hedged item that are attributable to the hedged risk.

Hedge accounting is discontinued when the Company revokes the hedging relationship, when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. The fair value adjustment to the carrying amount of the hedged item arising from the hedged risk is amortised to the statement of profit and loss from that date.

21. First Time Adoption - Mandatory Exceptions and Optional Exemptions :

Overall Principle :

The Company has adopted Indian Accounting Standards (Ind AS) as notified by the Ministry of Corporate Affairs with effect from 1st April, 2017, with a transition date of 1st April, 2016. These financial statements for the year ended 31st March, 2018 are the first time financial statements of the Company has prepared under the Ind AS. For all the periods upto and including the year ended 31st March, 2017, the Company prepared its financial statements in accordance with the accounting standards notified under the section 133 of the Companies Act, 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 [Previous GAAP].

Accordingly, the Company has prepared financial statements which comply with Ind AS applicable for the year ended 31st March, 2018 and other accounting principles generally accepted in India, together with the comparative period data as at and for the year ended 31st March, 2017, as described in the summary of significant accounting policies. In preparing these

NOTE 28 : SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS

financial statements, the Company's opening balance sheet was prepared as at 1st April, 2016, the Company's date of transition.

In preparing these Ind AS financial statements, the Company has availed certain exemptions and exceptions in accordance with Ind AS 101, as explained below. The resulting difference between the carrying values of the assets and liabilities in the financial statements as the transition date under Ind AS and Previous GAAP have been recognised directly in equity [retained earnings]. This note explains the adjustments made by the Company in restating its financial statements prepared under previous GAAP, including the Balance Sheet as at 1st April, 2016 and the financial statement as at and for the year ended 31st March, 2017.

This note explains the principal adjustments made by the Company in restating its financial statements prepared in accordance with previous GAAP, and how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows.

Classification and measurement of financial assets :

The Company has determined the classification and measurement of financial assets in terms of whether they meet the Fair Value through Profit and Loss criteria or the fair value through other comprehensive income (FVOCI) criteria based on the facts and circumstances that existed as of the transition date.

Impairment of financial assets :

The Company has applied the impairment requirements of Ind AS 109 retrospectively; however, as permitted by Ind AS 101, it has used reasonable and supportable information that is available to determine the credit risk at the date on which that financial instruments were initially recognised in order to compare it with the credit risk at the transition date.

Deemed Cost of Property, Plant and Equipment :

The Company has elected to continue with the carrying value of all of its Property, Plant and Equipment recognised as of April 1, 2016 (transition date) measured as per the Previous GAAP and use that carrying value as its deemed cost as of the transition date. As per the requirement of Ind AS 16, the spares related to a particular machinery has to be capitalised alongwith the machinery and depreciated accordingly. Such spares which were under previous gap recorded under inventory of spares, now has been retrospectively transferred to plant and equipment account by giving effect from the date transition.

Estimates :

On assessment of the estimates made under the Previous GAAP financial statements, the Company has concluded that there is no necessity to revise the estimates under Ind AS, as there is no objective evidence of an error in those estimates. However, estimates that were required under Ind AS but not required under Previous GAAP are made by the Company for the relevant reporting dates reflecting conditions existing as at that date.

22. Transition to Ind AS- Reconciliations

The following reconciliations provide the explanations and quantification of the differences arising from the transition from Previous GAAP to Ind AS in accordance with Ind AS 101.

- I. Reconciliation of Equity as at 1st April, 2016 and Reconciliation of Equity as at 31st March, 2017
- II. Reconciliation of Statement of Profit and Loss for the year ended 31st March, 2017.
- III. Adjustments to Statement of Cash Flows for the year ended 31st March, 2017. There are no material differences between the statement of Cash flows presented under Ind AS and the Previous GAAP.

Previous GAAP figures have been reclassified/regrouped wherever necessary to conform with the financial statements prepared under Ind AS.

Notes to the Reconciliation**a : Property, Plant and Equipment and Inventory**

As per the requirement of Ind AS 16, the spares related to a particular machinery needs to be capitalized alongwith the machinery and depreciated accordingly. Such spares previously were recorded under inventory of Spares. Therefore the depreciation on such spares (capitalised) and also the deferred tax related to such depreciation from the date of their purchase till the date of transition (01/04/2016) has been adjusted against the retained earnings and the impact for the year ended 31st March, 2017 has been recognised in 'Depreciation' in the Statement of Profit and Loss.

- i) Under Previous GAAP, bad debts written off or reserve for bad debts was created based on the indication of the same. However under Ind AS 109 financial instruments, which includes Trade Receivables has to be shown at their fair value after providing for the expected credit losses based on past trends of bad debts incurred by the company.
- ii) The spares related to a particular machinery, under earlier GAAP was treated as inventory of Spares. However, as per the requirement of Ind AS, such inventory or spares are required to be capitalized under the particular plant and machinery and depreciated accordingly. Therefore the depreciation on the spares (capitalized) and also the deferred tax on such deprecation from the date of their purchase till the date of transition has been adjusted against the retained earnings. The impact for the year ended 31st March, 2017 has been recognized in 'Depreciation' in the Statement of Profit and Loss.
- iii) Under previous GAAP proposed dividend and related dividend distribution tax was recognized as a provision in the year to which they relate, irrespective of when they are declared. Under Ind AS, dividends and related dividend distribution tax are recognized as a liability in the year in which it is approved by the share holders in the AGM of the Company.
- iv) Under Previous GAAP, Prior period expenses were debited to the statement of profit and loss account in the year in which the expenses were incurred. However under Ind AS 8 the profit and loss statement has to be reinstated for the prior period expenses by restating the profit and loss account of the year to which the expenses (net of tax) pertains to. If the expenses relates to the period before the earliest period presented under Ind AS, the opening balance sheet (reserves) of the earliest period presented to be restated accordingly.
- v) Tax effect on account of the above Ind AS adjustments
- vi) impact on account of changes in Proposed Dividend as explained below :

e : Deferred Tax Liability

Under Previous GAAP, taxes were recognized for the tax effect of timing differences between accounting profit and taxable profit for the year using income statement approach under Ind AS deferred taxes are recognized using the balance sheet for future tax consequences of temporary difference between the carrying value of assets and liabilities and their respective tax basis. The above difference, together with the consequential tax impact of the other Ind AS transitional adjustments lead to temporary differences. Deferred Tax adjustments are recognized in correlation to the underlying transactions either in retained earnings or through other comprehensive income.

2. (G) Employee benefits :

In accordance with the stipulations of the Ind AS 19 "Employee Benefits", the disclosures of employee benefits as defined in the Indian Accounting Standard are given below:

a. Defined Contribution Plan :

The Company makes contribution towards Employee Provident Fund. The Company is required to contribute specified percentage of payroll cost.

The Company has recognised the following amounts in the Statement of Profit and Loss :

Particulars	(Amount in Rs. Lakhs)	
	For the year ended 31st March, 2018	For the year ended 31st March, 2017
Employers Contribution to Provident Fund	35.23	35.34
Employers Contribution to Employees Pension Scheme 1995	57.93	51.19
TOTAL	93.16	86.53

b. Defined Benefits Plan :
Gratuity :

15 days salary for each completed year of service. Vesting period is 5 years and the payment is at actual on superannuation, resignation, termination, disablement or on death. The liability for gratuity as above is recognised on the basis of actuarial valuation.

The Company makes contribution to LIC for gratuity benefits according to the Payment of Gratuity Act, 1972.

The Company recognizes the liability towards the gratuity at each Balance Sheet date.

The most recent actuarial valuation of the defined benefit obligation for gratuity was carried out at March 31, 2018 by an actuary. The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of benefit entitlement and measures each unit separately to build up the final obligation. Scheme is funded through LIC.

These plans typically expose the Company to actuarial risks such as: Investment risk, Mortality risk, Concentration risk, Salary risk and Asset Liability Matching risk.

Investment risk	The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.
Interest Rate Risk	A fall in the discount rate which is linked to the G.Sec. Rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.
Mortality Risk	Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity risk.
Salary risk	The present value of the defined benefit plan liability is calculated by reference to the future salaries of members. As such, an increase in the salary of the members more than assumed level will increase the plan's liability.
Concentration Risk	Plan is having a concentration risk as all the assets are invested with the insurance company and a default will wipe out all the assets. Although probability of this is very less as insurance companies have to follow regulatory guidelines.
Asset Liability Matching Risk	The plan faces the ALM risk as to the matching cash flow. Since the plan is invested in lines of Rule 101 of Income Tax Rules, 1962, this generally reduces ALM risk.

The principal assumptions used for the purposes of the actuarial valuations were as follows:

Particulars	As At 31st March, 2018	As At 31st March, 2017	As At 1st April, 2016
Mortality	Indian Assured Lives Mortality (2006-08) Ultimate	Indian Assured Lives Mortality (1994-96) Ultimate	Indian Assured Lives Mortality (1994-96) Ultimate
Withdrawal Rates	2.00%	3.00%	3.00%
Discount Rate (%)	7.85%	8.00%	8.00%
Salary escalation rate (%)	5.00%	4.00%	4.00%
Rate of Return on Plan Assets (%)	7.85%	8.00%	8.35%

NOTE 28 : SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS
C. NOTES TO ACCOUNTS (Contd.)

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the balance sheet.

3. Risk :

The Company's activities exposes it to various risk such as market risk, liquidity risk and credit risks. This section explains the risks which the Company is exposed to and how it manages the risks.

A. Market risk

The Winding Wire business works on focusing on processing margins. The risk of variation in purchase price of the input copper and sales price of Finished Goods, which is linked to the same international pricing benchmarks, is managed by entering into back to back transactions for input copper purchase against sales order booked. The aforesaid method is generally adopted for all sales transaction other than sale to Dealer market.

B. Foreign Currency Risk

The Company may also have Foreign Currency Exchange Risk on procurement of Raw Material and Capital Equipment(s) for its Businesses. The Company manages this forex risk, using derivatives, wherever required, to mitigate or eliminate the risk. The Company may also have Foreign Currency Exchange Risk on Foreign Currency denominated Borrowings for its Businesses. The Company manages this forex risk, using derivatives, wherever required, to mitigate or eliminate the risk.

In respect of the import of the raw materials an equipment, the Company used forward cover contacts to hedge its exposure to the movements in the foreign currency exchange rates. Such forward covers are used to reduce the risk which may result from foreign currency rates fluctuations and is not used by the Company for trading or speculations purposes.

The Company's exposure to foreign currency risk at the end of the reporting period expressed in 'Rs.' Given below

C. Liquidity Risk

The Company determines its liquidity requirements in the short, medium and long term. This is done by drawing up cash forecast for short and medium term requirements and strategic financing plans for long term needs.

The Company manages its liquidity risk in a manner so as to meet its normal financial obligations without any significant delay or stress. Such risk is managed through ensuring operational cash flow while at the same time maintaining adequate cash and cash equivalent position. The management has arranged for diversified funding sources and adopted a policy of managing assets with liquidity in mind and monitoring future cash flows and liquidity on a regular basis. Besides, it generally has certain undrawn credit facilities which can be accessed as and when required; such credit facilities are reviewed at regular intervals.

The Company had access to the following undrawn borrowing facilities at the end of the reporting period: (Rs. in Lakhs)

	As at 31/03/2018	As at 31/03/2017
Cash Credit facilities with Banks	1,287	1,526

D. Credit Risk

Credit risks is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligation, and arises principally from the Company's receivables from customers.

The Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for forward-looking information. The expected credit loss allowance is based on the ageing of the days the receivables are due and the rates as given in the provision matrix. The provision matrix at the end of the reporting period is as follows:
